

A close-up photograph of a welding process, showing bright orange and yellow sparks flying from the point of contact between the welding torch and the metal workpiece. The background is dark and out of focus.

EQUIPMENT LIST 2025

A wide-angle photograph of a large industrial manufacturing facility. The space is filled with various pieces of machinery, including large metal presses and cutting equipment. Several workers are visible, some operating machines and others moving materials. The floor is marked with yellow lines, and there are numerous cardboard boxes and pallets throughout the area. The lighting is bright, and the overall atmosphere is one of active production.

Premier Metal Manufacturer

Larsen Manufacturing leads the metal manufacturing industry, specializing in precision stamping, metal fabrication, specialty machining, powder coating, contract manufacturing, and assembly. We combine innovation, technology, and expertise to deliver top-tier results.

Headquartered in Mundelein, Illinois, with additional facilities in El Paso and Brownsville, Texas, Larsen Manufacturing provides precision metal manufacturing to a diverse global client base, including the automotive, consumer electronics, and appliance sectors. We are committed to excellence, building lasting partnerships with customers and suppliers by engineering high-quality metal components and assemblies, ensuring on-time delivery, and providing outstanding customer service that consistently exceeds expectations.

Our Mission

To serve our customers and be a partner for their future growth and success.

We accomplish this through:

- Quality service.
- Cutting edge technology.
- Our commitment to help our customers meet their strategic business goals.

Our Vision

Our vision at Larsen is to be the most trusted provider of precision metal manufacturing and technologies. We strive to ensure we offer the very best in quality, ingenuity, and value excellence by working hand in hand with our customers to build long-lasting strategic partnerships.

Our Ethics

Larsen Manufacturing and its employees, wherever they may be located across the globe, are responsible for conducting their affairs with uncompromising truth and integrity. In our opinion, there is no difference between business ethics and those of a personal nature. The highest standard applies to both and must be adhered to accordingly for the good of all involved. Larsen associates are expected to be honest and ethical in dealing with their team members, customers, vendors, and all third parties. They are representing the Larsen Brand and the company as a whole, so doing the right thing means doing it right every time.

"Our focus has always been about running a top-notch operation. With that goal in mind, we've kept our motivation centered on building long-lasting client relationships that collaborate for success. We also strive to not only to be on the cutting edge of change, but to be the leader of that change throughout our industry."

— David Larsen
President
Larsen Manufacturing

As a trusted metal manufacturer, Larsen is dedicated to providing the highest quality products and services through consistent improvement and innovation. With every project, Larsen will deliver products that exceed customer expectations.
